NA is a nonprofit fellowship or society of men & women for whom drugs had become a major problem. We are recovering addicts who meet regularly to help each other stay clean. This is a program of complete abstinence from all drugs. There is only one requirement for membership, the desire to stop using. There are no strings attached to NA. We are not affiliated with any other organizations. We have no initiation fees or dues, no pledges to sign, no promises to make to anyone. We are not connected with any political, religious, or law enforcement groups, and are under no surveillance at any time. Anyone may join us regardless of age, race, sexual identity, creed, religion, or lack of religion.

Our only promise is freedom from active addiction; our only goal is that no addict seeking recovery need ever die.

Twelve Traditions (continued)
trouble with individuals and groups outside the Fellowship. However, when we apply these principles, we avoid some of the pitfalls. Many of our problems are like those that our predecessors had to face. Their hard-won experience gave birth to the Traditions, and our own experience has shown that these principles are just as valid today as they were when these Traditions were formulated. Our Traditions protect us from the internal and external forces that could destroy us. They are truly the ties that bind us together. It is only through understanding and application that they work.

How It Works

If you want what we have to offer, and are willing to make the effort to get it, then you are ready to take certain steps. These are the principles that made our recovery possible:

1. We admitted that we were powerless over our addiction, that our lives had become unmanageable.
2. We came to believe that a Power greater than ourselves could restore us to sanity.
3. We made a decision to turn our will and our lives over to the care of God as we understood Him.
4. We made a searching and fearless moral inventory of ourselves.
5. We admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. We were entirely ready to have God remove all these defects of character.
7. We humbly asked Him to remove our shortcomings.
8. We made a list of all persons we had harmed and became willing to make amends to them all.
9. We made direct amends to such people wherever possible, except when to do so would injure them or others.
10. We continued to take personal inventory and when we were wrong promptly admitted it.
11. We sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.
12. Having had a spiritual awakening as a result of these steps, we tried to carry this message to addicts, and to practice these principles in all our affairs.

There is one thing more than anything else that will defeat us in our recovery; this is an attitude of indifference or intolerance toward spiritual principles. Three of these that are indispensable are honesty, open-mindedness, and willingness. With these we are well on our way.

We feel that our approach to the disease of addiction is completely realistic, for the therapeutic value of one addict helping another is without parallel. We feel that our way is practical, for one addict can best understand and help another addict. We believe that the sooner we face our problems within our society, in everyday living, just that much faster do we become acceptable, responsible, and productive members of that society. The only way to keep from returning to active addiction is not to take that first drug. If you are like us you know that one is too many and a thousand never enough. We put great emphasis on this, for we know that when we use drugs in any form, or substitute one for another, we release our addiction all over again. Thinking of alcohol as different from other drugs has caused a great many addicts to relapse. Before we came to NA, many of us viewed alcohol separately, but we cannot afford to be confused about this. Alcohol is a drug.

We are people with the disease of addiction who must abstain from all drugs in order to recover.

The Twelve Traditions of NA

We keep what we have only with vigilance, and just as freedom for the individual comes from the Twelve Steps, so freedom for the group springs from our Traditions. As long as the ties that bind us together are stronger than those that would tear us apart, all will be well.

1. Our common welfare should come first; personal recovery depends on NA unity.
2. Our primary purpose—aa loving God as He may express Himself in our group conscience. Our leaders are but trusted servants, they do not govern.
3. The only requirement for membership is the desire to stop using.
4. Each group should be autonomous except in matters affecting other groups or NA as a whole.
5. Each group has but one primary purpose—aa loving God as He may express Himself in our group conscience. Our leaders are but trusted servants, they do not govern.
6. A NA group ought never endorse, finance, or lend the NA name to any related facility or outside enterprise, lest problems of money, property, or prestige divert us from our primary purpose.
7. Every NA group ought to be fully self-supporting, declining outside contributions.
8. Narcotics Anonymous should remain forever nonprofessional, but our service centers may employ special workers.
9. NA, as such, ought never be organized. It may be necessary to create service boards or committees directly responsible to those they serve.
10. Narcotics Anonymous has no opinion on outside issues; hence the NA name ought never be drawn into public controversy.
11. Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, and films.
12. Anonymity is the spiritual foundation of all our Traditions, ever reminding us to place principles before personalities.

Understanding these Traditions comes slowly over a period of time. We pick up information as we talk to members and visit various groups. It usually isn’t until we get involved with service that someone points out that “personal recovery depends on NA unity,” and that unity depends on how well we follow our traditions. The Twelve Traditions of NA are not negotiable. They are the guidelines that keep our Fellowship alive and free.

By following these guidelines in our dealings with others, and society at large, we avoid many problems. That is not to say that our Traditions eliminate all problems. We still have to face difficulties as they arise: communication problems, differences of opinion, internal controversies, and
